

ASSEMBLY INSTRUCTION

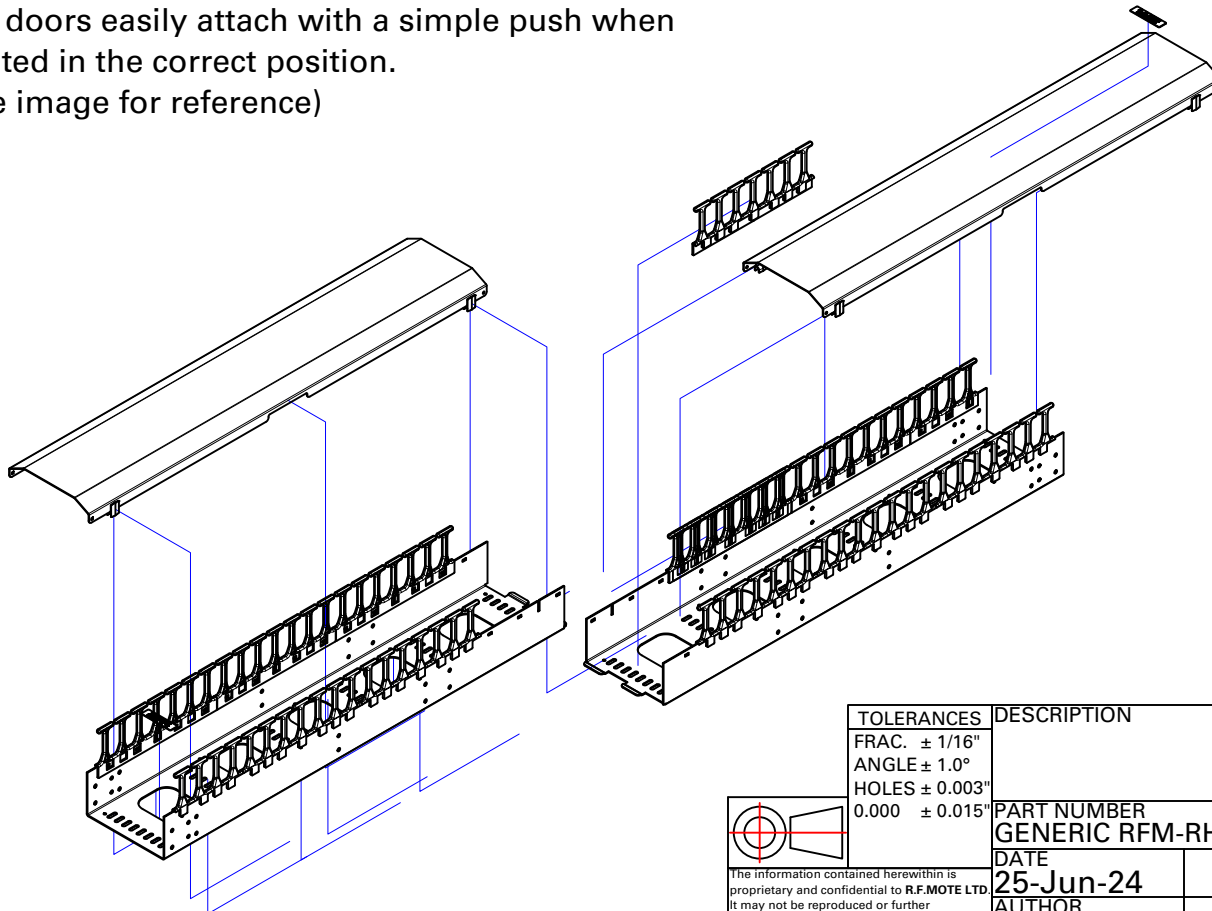

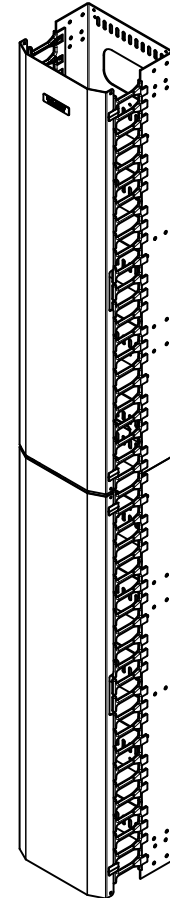

NOTE:

- * All RHDV items will come in a box pre-assembled.
- * In the box: 2 doors, 2 partially pre-assembled bodies,
2 loose plastic fingers and a hardware package.
- * Plastic fingers snap into position when applying pressure.

The 2 loose plastic fingers will complete the assembly of the main body once joined together.

Once the 2 part body is joined together and the 2 loose fingers are snapped on, the full body will be complete and ready for mounting using the 1/4" fastening hardware supplied.

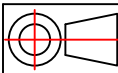

The doors easily attach with a simple push when located in the correct position.
