

RFM SERIES FORTRESS SERVER CABINET

R. F. Mote Fortress Series Server Cabinets are available in 36" and 42" depths. Standard kitted Fortress server cabinets include: 2 Perforated doors, 2 side panels, 2 pair cage-nut style mounting rails, levelling feet, removable top cover panel, and hardware package.

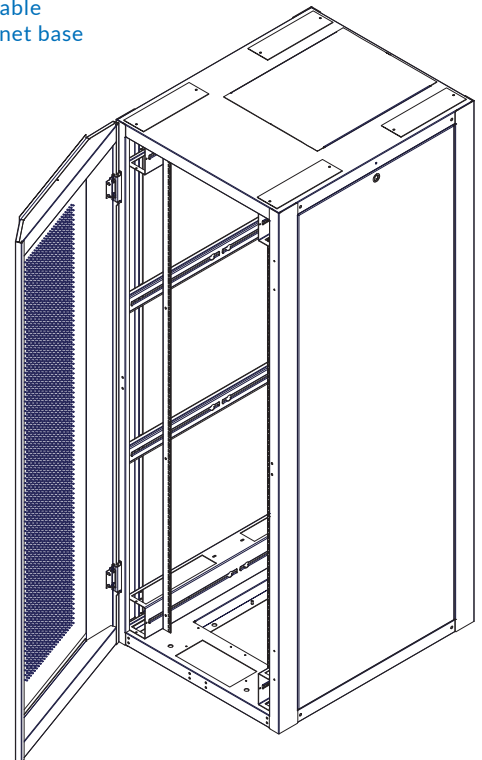

Each cabinet may be configured with a wide variety of options such as: power bars, ground bars, fan assemblies, chimney ducts, air stops, brush kits, cable troughs, vertical and horizontal cable mangers, shelves, door locks, and perforated side panels. Optional accessories can be factory installed in configurations best suited to their end use, or ordered separately and installed by the customer.

Features:

- Heavy gauge steel, all welded construction
- UL 2416 Listed
- UL Rated for up to 3000 lbs Static Load
- Doors are perforated, lockable, and removable
- Doors: Electronic and Combination lock options available
- 2 Solid, lockable, lift off side panels
- 4 Cage nut style Mounting Rails with silk-screened U-Markings (also available tapped #10-32)
- Hardware package (#10-32 cage nuts and screws, pkg 24)
- Removable top cover panel
- 4 Grounding points
 - 2 in top (#10-32 x 1/2" stud)
