

## RFM SERIES KITTED SEISMIC ZONE 4 SERVER CABINET

30" wide cabinet – RFM-303683-US-19-S

R. F. Mote Series Seismic Zone 4 Kitted Cabinets (30" and 24" Wide) are independently certified to meet UBC code seismic strength requirements for Zone 4 as per Bellcore GR-63-CORE specifications. Standard kitted Seismic cabinets include: 2 Perforated doors, 2 solid side panels, 2 pair cage-nut style mounting rails, levelling feet, removable top cover panel, and hardware package.

In addition to standard configuration, Seismic zone 4 Cabinets support a wide variety of options such as: thermal management (fan assemblies, chimney ducts, air stops, brush kits), power bars, ground bars, cable troughs, vertical and horizontal cable mangers, shelves, perforated side panels, and door lock options. Optional accessories can be factory installed in configurations best suited to their end use, or ordered separately and installed by the customer.

### Features:

- All doors are 3-point latching and lift off for ease of equipment & cable installation
- Doors: Electronic and Combination lock options available
- Standard Height: 83"
- Standard Depths: 30" / 36" / 42"
