

RFM SIDE VENT DUCT KIT (Requires Side Vent Ready Cabinet)

Standard Kit Includes:

- Adjustable depth shelf on top and bottom
- Top and bottom close off brackets
- Air dam deflectors
- Adjustable depth and height
- 19" EIA universal spacing for equipment mounting

Highlights:

- Directs 'side intake' to front of cabinet, and 'side exhaust' to rear of cabinet
- Modular/scalable design allows for multiple sizes in same cabinet
- Prevents air mixing within cabinet
- Maintains front to back air flow
- Blocks air escape routes
